

The Principals of Birdie Basics™

How to effectively engage young golfers & athletes

OPEN TO THE PUBLIC and beneficial for anyone coaching children ages 3-7!

This five hour seminar is interactive and includes lectures, demonstrations as well as question & answer periods.

Participants will leave with a deeper understanding of the key elements of a successful junior program for children ages 3-7 including:

- The power of PLAY in early learning environments
- Developmental differences in the early years
- Ensuring success with different skill levels and abilities
- Communicating effectively with young children
- Translating traditional golf terms into language that makes sense to children
- Using the power of story when teaching young children.
- Incorporating creative movement techniques to accommodate the physical development of young children
- Utilizing classroom management strategies.
- Creating routine and structure in lessons so children can thrive

Master the POWER OF PLAY in ANY early learning environment.

\$249 usd non-PGA**

includes lunch and coffee

*discount of \$199 usd will be applied to your Birdie Basics purchase

[About your speaker & Birdie Basics' founder Kate Tempesta, LPGA T&CP](#)

Kate Tempesta is an LPGA member with more than 25 years of experience in early childhood education, exercise science, and, of course, golf.

Kate's education, and early career, focused on exercise science and fitness. She later transitioned to the educational arena where she created and taught the movement education program at St. Thomas More Play Group for ten years. After becoming an LPGA T&CP member, she founded the Urban Golf Academy to combine her passions for golf, early childhood education, and movement. This is where she developed The Birdie Basics program which is a story-driven golf instruction program to introduce children to golf.

Kate considers herself to have the best job in the world and is instrumental in the training of all Birdie Basics instructors via video sessions, in-person events, and regular updates.
